

## DETAIL WERKS

Microfiber polishing gloves work great with all Klock Werks Kleaning products! Use your hands and fingers as deep cleaning tools for hard to reach places when detailing your bike, car or home with Klock Werks Detail Werks microfiber polishing gloves. The soft, non-abrasive microfiber fabric can be used wet or dry to clean any surface including chrome, metal, plastics, leather, glass and more. Detail Werks polishing gloves are easy to maintain and can be re-used. Package contains 2 universal fitting gloves.

**USE IT:** Can be used wet or dry to clean any surface. Gloves can be re-used when machine washed in cold water with a mild detergent.

Works great with all of our Klean Werks Kleaning Products: Shine Werks, Matte Werks, and Engine Werks.
